Assignment-2 created 2 repo by running 1<sup>st</sup> job repo-1 content should display on httpd server.

By running 2<sup>nd</sup> job repo-2 content should display on httpd server

The screenshot displays the Jenkins web interface for a job named 'job-1'. The top navigation bar includes the Jenkins logo, a search bar, and user information for 'Aniket Ubale'. The left sidebar contains a menu with options: Status, Changes, Workspace, Build Now, Configure, Delete Project, and Rename. The main content area shows the job's status as 'this is demo' with a green checkmark icon. Below this, there is a 'Permalinks' section listing various build links such as 'Last build (#6), 47 sec ago' and 'Last stable build (#6), 47 sec ago'. At the bottom, the 'Build History' section is visible, showing a list of builds with their status (green for success, red for failure) and timestamps. The bottom of the image shows a Windows taskbar with the system clock at 7:25 PM on 07/12/2023.

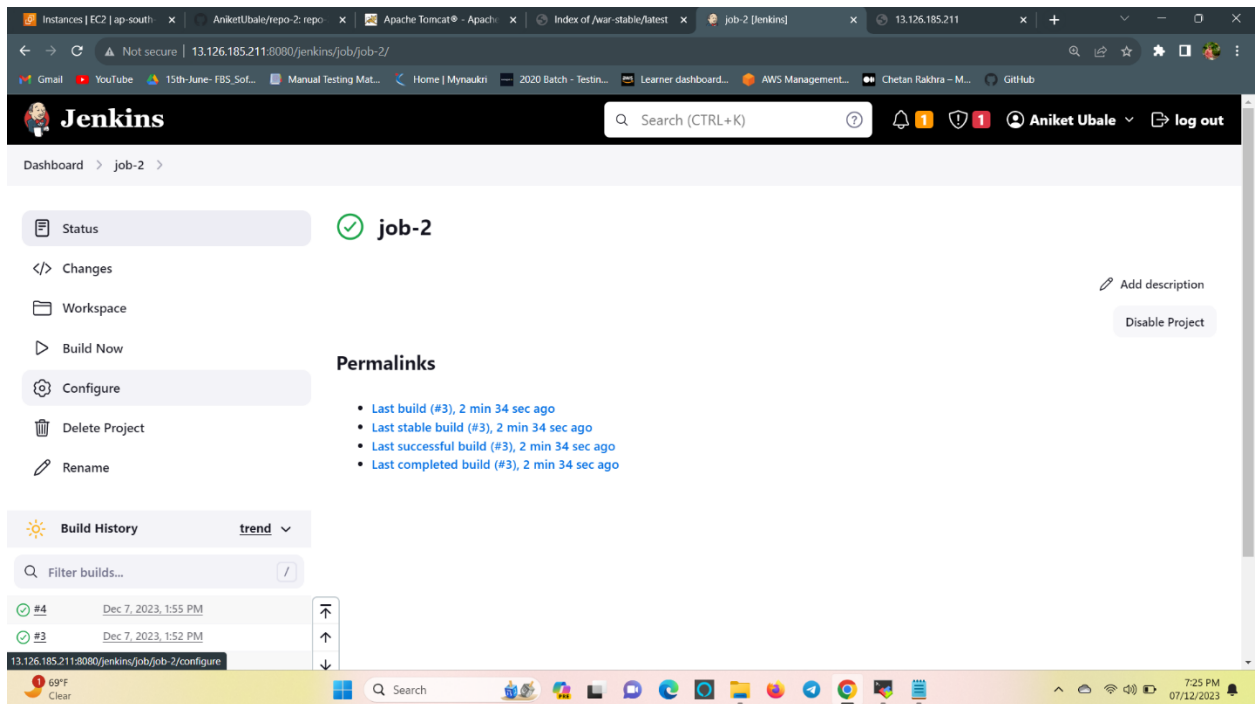

Build Number	Status	Timestamp
#7	Success	Dec 7, 2023, 1:54 PM
#6	Success	Dec 7, 2023, 1:52 PM
#5	Success	Dec 7, 2023, 1:46 PM
#4	Failure	Dec 7, 2023, 1:44 PM
#3	Failure	Dec 7, 2023, 1:41 PM

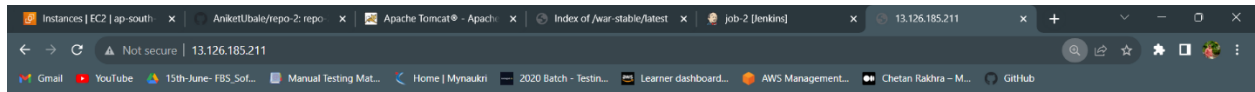

this is index filr from repo1!!!!
